client TESTIMONIAL

Shannon and her team were one of the best investments we made for our wedding day - tied with our photographer who Shannon recommended to us. Shannon was instrumental in every single aspect of our day. From being the sole reason we chose the venue we did, to the ease of selecting décor (multiple times - sorry!), to helping us iron out our rehearsal and then ensuring that every single thing was perfect on our day. Shannon and her team were a breeze to communicate with during the entire process, she was always there to help, offer opinions or advice, she really understood the minimal yet romantic and classic look that we were going for and she nailed it. She and her team went above and beyond - to the point that they were creating things I didn't think were possible. She made our day what it was, which was perfect and we couldn't be more grateful for her and her team.
